National Junior Mace Debate

Congratulations to James O'Donoghue who won the Leinster Final of the National Junior Mace Debating Championships on March 2nd. In order to get to the final, James had to compete against 300 other students from schools around Leinster in three preliminary rounds. On Saturday, the top 72 speakers arrived in CBC to compete in the finals day. There were four debates before the top eight speakers were announced for the final.

Joining James in the final were Leon Reilly from CBC as well students from Belvedere College, Loreto Beaufort, Castleknock Community College and PS Setanta. They debated the motion which was that "this house believes social media has a positive influence on politics". James was on the opposition side during the debate. The final was chaired by Keelin Shanley from RTE's Six One News.

There was also success for CBC students Conor Coveney and Charlie Garland O'Connor who both qualified for the national finals day based on their performance. This was the first time CBC has hosted a round of the competition and are delighted that the day went so well. Particular thanks must go to all the students who helped out on the day, in the setting up of rooms and the hall, the serving of lunch and the other duties needed to run the day so well.

Senior Debating

Congratulations to Jack Palmer, Luke Holmes, Donncha Murphy and Dara Grady for winning their Leinster Debating quarter finals and qualifying for the upcoming semi final.

Transition Year Update

Our Transition Year Pupils have once again had a very busy term. They started this term with a two week block on work experience. Since then they have walked from Bray to Greystones, as well as having attended conferences run by Dell and the Fighting Words crew and a workshop in Innovation and Creativity

They also attended the 'Future Sparks' Festival in the RDS in March and some of the pupils found out that they have some hidden talents in the Circus skills workshop. TY had a talk from RTE's George Lee on climate change and what we can do about it. They will finish the term with their 4 night run of their Musical "Back to the 80s"

The Ski trip was probably the highlight of TY for me so far. Getting on the slopes in Italy was a really fun experience and everyone enjoyed it. Over the week everyone improved massively through the lessons and the extra help given by Mr. O'Farrell, on the last few days people who had never skied before were able to manage even the black slopes.

The evenings were really enjoyable as well with activities put on for us including bowling, curling and a table quiz. The hotel we stayed in was very nice and had great facilities which we enjoyed. We finished our trip with a short stay in Verona where we got to explore the city. I think most people who travelled with me will agree that this was the best school trip we have ever been on!

Basketball

The Junior and Senior basketball teams have gone from strength to strength this year.

They have been involved in many matches and growing in confidence with every game.

Cross Country

Well done to the Minor Team that competed at the Leinster Cross Country Championships in January at Santry and to Joe Doody who ran excellently in the U17 Race.

Rugby

The Juniors were unlucky when they were drawn against a very strong St. Michaels team in the first round of the Junior Cup. They represented the school with pride and determination!
